1. Find a basis for the null space and column space of $A$ using the methods from class. You must find a basis for the space, do NOT give the space itself!

$$
A=\left[\begin{array}{rrrrr}
1 & 1 & 0 & -3 & 0 \\
2 & 2 & 1 & -5 & 0 \\
-3 & -3 & 0 & 9 & 1 \\
-2 & -2 & -1 & 5 & 0
\end{array}\right]
$$
